PROFILE

I'm a website developer passionate about building dynamic, responsive websites. My core skills include HTML, CSS, JavaScript, PHP, Bootstrap, and MySQL. I focus on writing clean, efficient code and delivering high-quality results. Eager to keep learning and growing, I approach every project as a chance to improve and contribute to impactful digital solutions.

Frontend Developer Instructor

As a Front-End Developer Instructor at Ennlite Academy, I have played a pivotal role in shaping the next generation of web developers by providing top-tier education in front-end technologies. My responsibilities span across curriculum design, student mentorship, and industry engagement, all aimed at equipping students with the skills and knowledge required to thrive in the tech industry.
